Accommodation: Kaisosi River Lodge or similar
- 16.08.18 Kavango River – Okavango Delta, Botswana (approximately 380 kms)**

- 17.08.18 Okavango Delta**
(B/L/D) Today is spent exploring the network of water pathways floating through thick vegetation in mokoros (traditional dugout canoes), discovering a variety of birds and wildlife. Example of a typical 12-seater safari vehicle

Vehicle: The safari uses fully equipped Toyota Land Cruisers, 12-seater 4x4 safari vehicles or other appropriate vehicles with comfortable seating, large windows for game viewing, a music and PA system and air-conditioning. All luggage, besides hand luggage and photo equipment, is carried on the vehicle or trailer roof racks to ensure maximum comfort in the vehicle.

Travelling Times and Distances: All travelling times are affected by road conditions, border crossings, detours and weather conditions, therefore on certain days travelling times may be longer than anticipated especially where there is a lot of distance to be covered. Please keep in mind that the time it takes to travel 100 km in your home country is not equivalent to the time it takes to travel 100 km on African roads, therefore we encourage you to sit back and enjoy the spectacular scenery Africa has to offer. Where possible, additional stops will be made to ensure your travelling comfort at all times.

Spending money: Clients are advised to bring enough money to cover the purchase of curios, tips, alcoholic and non-alcoholic drinks, water and additional entertainment. US Dollars, Pound Sterling, South African Rand and Botswana Pula are the most practical and convenient currencies.

Meals: Where included, most breakfasts and dinners will be enjoyed in the restaurants of the various accommodation establishments, however on certain nights the guide will provide an authentic meal for the group, which will be enjoyed together in the evening, often around a camp fire. Please advise us of any special dietary requirements in advance.

First Aid: Our guides are trained in basic first aid and the vehicle is equipped with a comprehensive medical aid kit. Preventative Malaria medication should be taken before the trip and throughout its duration, although it is advisable to consult a doctor prior to departure.

Luggage: The maximum baggage allowance is 15 kg. An overloaded vehicle is a danger to both the clients and the guide. This does not include photographic equipment and a small daypack. Please bring a backpack or soft barrel bag, not a suitcase. Don't bring too much clothing, as there are washing opportunities along the way. Please adhere to the allowance specified as space for luggage is limited.
