31.01.18 Phnom Penh

(B/L) This morning we visit the Tuol Sleng Genocide Museum and the Killing Fields of Choeung Ek. During the Pol Pot regime, Tuol Sleng, formerly a high school, was converted to a detention centre known as S21. After interrogation and often torture, prisoners were transferred to Killing Fields where they were often tortured again and brutally killed. Choeung Ek was a Chinese Cemetery before it became the Khmer Rouge's most well known Killing Field. The remains of almost 9000 bodies have been excavated from mass graves in this area. Today Choeung Ek is a Memorial site for Cambodians and visitors from all over the world to pay their respects for those lost. A memorial Stupa has been erected and displays over 5000 human skulls, bones and clothes of the victims. During the Khmer Rouge years, thousands of Cambodians were tortured and imprisoned in detention centres around the country. The visit is a profoundly moving and also depressing experience. However the insight into the cruel Khmer Rouge regime is educational and part of understanding Khmer culture as it is today.
Following this we enjoy lunch supporting a good cause at Lotus Blanc restaurant. The food here is prepared and served by students from PSE vocational training centre, which supports children who cannot afford an education due to poverty. The adjacent school has been a successful project that is a good example of sustainable tourism. A tasty Khmer set menu will be served. After lunch we continue to Champey Academy of Arts where traditional drawing, music and dance are taught. Enjoy watching the young students practice classical Apsara dancing. The Academy is a local Non Government Organisation (NGO) that seeks to preserve traditional arts on a free basis for poor students and a visit is sure to put a smile on our faces as we see how the children seek to improve their lives by being artistically creative.
Later this afternoon we visit The Royal Palace, built in 1866 by King Norodom. The Palace is made up from a number of structures within a pagoda-style compound, one of which is The Silver Pagoda. The Silver Pagoda takes its name from more than 5000 silver tiles and the building itself holds a number of national treasures, perhaps most notably are a life-sized gold Maitreya Buddha decorated with 9584 diamonds

and weighing in at 90kg. There is also a small 17th century Emerald Buddha made from baccarat crystal. This evening is at leisure.

Accommodation: Sunway Hotel

01.02.18 Phnom Penh – Kratie

(B/L/D)

After breakfast we have a two hour drive from Phnom Penh to Kompong Cham. Kompong Cham is a slow paced provincial capital set on the banks of the Mekong River. The town is dominated by the impressive Kizuna Bridge that spans the Mekong which was a gift from the Japanese. Before lunch we visit Wat Nokor, an 11th century temple built of black sandstone and laterite and one of the last built under King Jayavarman VII. Adjacent is a modern temple with a completely different architectural style where a different form of Buddhism is preached. A small, impromptu exhibition of Apsara dancing will be performed near the temple for us (a small donation is appreciated). We then stop for an included lunch at Smile Restaurant in Kompong Cham, which serves as a training centre for disadvantaged youths. The non-profit café is run by the Cambodian NGO, Buddhism for Social Development Action (BDSA).

A short distance outside of Kompong Cham we visit Wat Hanchey, offering excellent views over the Mekong River and beyond. We drive to the top (or if you prefer a short, steep walk) and visit the pagoda which dates from the 8th century. Wat Hanchey was an important religious centre during the pre-Angkor Chenla period. Spread over the hilltop are various ruins including an ancient brick structure with Sanskrit inscriptions on the doorway and also some more unusual modern statues of large fruit and animals! There are usually a few young monks studying who we can speak to.

Afterwards we have a pleasant two hour drive following the Mekong River to Kratie. Kratie town has a distinctly French feel to it with some colonial buildings still remaining. The riverfront is the place to watch the action, be that the life on the river or the street markets that begin there. Upon arrival we check into our hotel and relax before dinner. Please note that our accommodation this evening is basic due to the remote location of this small town.

Accommodation: Mekong Dolphin Hotel

02.02.18 Kratie – Kampong Thom

(B/L/D)

After breakfast we drive out of Kratie for a local boat cruise in search of the rare Irawaddy dolphins. These creatures spend most of their time in 'dolphin pools' or certain stretches of the Mekong River. Spottings are frequent. Once our boatman spots the dolphins he will switch off the motor so we can watch them coming to the surface. The dolphin trips usually last around 1½ hours and are part of a community initiative to provide employment for the boatmen and also to protect the animals.

We continue to the largest pagoda in Cambodia, Wat Sorsor Moi Roi or 100 Columns Temple. In fact there are 108 columns to be seen and also a few pillars from the old wooden temple that was built almost 500 years ago. Within the temple grounds we visit the Mekong Turtle Conservation Project, set up to increase the wild population of the endangered Cantor's softshell turtle in the nearby Mekong River, through turtle hatchlings from a community-led turtle nest programme. The centre also has a large outdoor pond for the turtle breeding program where we can view the larger adult Cantor's softshell turtles and also many other Asian turtle species. Our entry fees will directly support this project and the participating local villagers in this unique conservation initiative.

We proceed for an included lunch at Le Tonle Restaurant. Founded in 2007, Le Tonle functions as a Tourism Training Centre to increase the capacities of vulnerable youth from North East Cambodia. Enjoying a meal in their restaurant will directly

support the young trainees. The restaurants offer a selection of traditional Khmer and Western cuisine. The young, friendly trainees are more than happy to serve us and also practice their English.

Following lunch we have a four hour drive along the Mekong passing many old wooden houses and Cham villages on the way to Kampong Thom. The Cham originated from Champa, a 7th century kingdom that was located in what is today central and southern Vietnam and lasted until 1832, before being conquered and annexed. Today the Cham can be found living mostly along the banks of the Mekong and Tonle Sap Rivers and may number as many as 500,000 in Cambodia making them the largest minority in the country. As we cross over the Mekong we can expect to see more rural scenery before arriving into Kampong Thom for an overnight stay. Dinner this evening will be served at the hotel.

Accommodation: Glorious Hotel & Spa

03.02.18 Kampong Thom – Sra Em

(B/L/D)

We leave Kampong Thom on a 30km drive to Sambor Prei Kuk. We stroll around the sandy paths and forest that cover the impressive pre-Angkorian temple ruins of Sambor Prei Kuk. This former Chenla-era capital once boasted hundreds of temples. Today several brick structures remain and whilst not comparable to some of the Angkorian temples, they still offer some fine carvings in a quiet, atmospheric location. A local community guide will follow to provide some expert knowledge. Following the visit, our included lunch will be a simple Khmer meal provided by the local community at the entrance of Sambor Prei Kuk. Following an initiative by a German development agency a series of villagers have provided meals to tourists as part of a sustainable tourism program.

After lunch we get back on the main road and have a four hour afternoon drive to the town of Sra Em, which is located 30km south of the temple of Preah Vihear. Upon arrival we check into the hotel for an overnight stay and included dinner.

Accommodation: Preah Vihear Boutique Hotel

04.02.18 Sra Em - Preah Vihear – Siem Reap

(B/L/D)

We depart Sra Em this morning and drive 30km to the access point of Preah Vihear Temple. At this point it is necessary to change to the specially fitted 4WD truck that can climb up the steep road to the temple.

Preah Vihear Temple is Cambodia's 2nd UNESCO World Heritage Site, after Angkor Wat. This temple and surrounding area have been claimed by both Cambodia and Thailand. However an international ruling has agreed that Cambodia is the rightful owner. Tensions have been high in the past but the last couple of years have seen the border area calm with a de-escalation of military presence.

Preah Vihear is one of the most spectacularly located temples in the world. From the summit there are sweeping views across both Cambodia and into Thailand.

Construction began with King Yasovarman in about 889AD. It was then added to by several other monarchs, including Suryavarman II, the builder of Angkor Wat. There are many temple ruins and steps to climb until the rewarding summit at 625m and its fantastic view. Following the visit we return to our hotel for lunch and to collect our luggage. Afterwards we have a 4-5 hour drive to Siem Reap along a route that was the last stronghold of the Khmer Rouge and where their leader, Pol Pot died in 1998. Brief stops are made at Ta Mok's house and Pol Pot's cremation site as we learn about the history of the cruel Khmer Rouge regime. Upon arrival in Siem Reap we enjoy an included dinner at our hotel, which is home for the next three nights.

Accommodation: Tara Angkor Hotel

05.02.18 Siem Reap**(B/L/D)**

This morning we take a remork (similar to the Thai tuk tuk) to begin our exploration of the Temples of Angkor, by visiting Angkor Wat, the largest religious building in the world. Angkor Wat is a temple complex built for King Suryavarman II in the early 12th century as his state temple and capital city. Angkor Wat is the most significant and best preserved temple in the area. It is the only one to have remained a significant religious centre since its foundation, first Hindu and then Buddhist. A magnificent moat surrounds the temple on all sides. An alternative eastern entrance is the best way to start our morning tour and help avoid the crowds.

We continue to the ancient city of Angkor Thom which holds many important monuments such as Bayon Temple, located in the exact centre. Depending on time we will either stop for lunch first or proceed to the next temple.

Continue to Ta Prohm, a unique temple that has been left to nature with trees and vines growing amongst the structures. This is one of the most photogenic temples in the Angkor area and gained fame as the 'Tomb Raider' temple, after featuring in the Angelina Jolie movie. Enjoy walking along the sandy paths and under huge banyan trees as we explore this 12th century temple.

We return to our hotel in the mid-afternoon and take a break.

This evening enjoy dinner whilst watching a show of Apsara dancing, first performed in the court of kings at Angkor.

Accommodation: Tara Angkor Hotel

06.02.18 Siem Reap**(B/L)**

This morning we learn about life on the majestic Tonle Sap Lake, the largest freshwater lake in South East Asia. The lake and its waters are the lifeblood of the country and millions of people depend on it. Located on the northern side of the lake lies the fascinating village of Kompong Khleang, one of the lesser visited villages. The village consists of a combination of stilted and floating houses. Our boat trip to the village is the perfect way to understand the extremities of life on the lake. The houses are up to 10 metres in height and during the dry season can be fully exposed as the water recedes. At the end of the rainy season the water rises so that only the upper stories are exposed. This makes a visit interesting at any time of the year. Our half day visits has seemingly endless opportunities for photography.

We return to Siem Reap for a set lunch at Mahob, combining the talents of the chef/owner with the freshest local ingredients. The restaurant offers a peaceful location to experiment with tantalising Khmer and fusion offerings. Mahob is set in a carefully restored Khmer wooden house.

The remainder of the afternoon is free. Our guide is at our disposal should anyone wish to visit the town and/or a local market.

Accommodation: Tara Angkor Hotel

07.02.18 Siem Reap - Battambang**(B/L/D)**

Today we leave Siem Reap on a three hour drive to Battambang. Battambang is a charming town with early 20th century French colonial architecture still prevalent and little modern development taking place. Arts and culture are being revitalised and galleries provide local artists the chance to present their work. Battambang is a slow-paced, small town and provides easy access to friendly villages and the surrounding countryside where much of the typically sightseeing takes place. Upon arrival we check into our hotel enjoy an included lunch.

This afternoon head 12km out of town to Phnom Sampeau. This limestone outcrop is home to a variety of temples and excellent views of the countryside dotted with palm trees and rice paddy fields. There is also a more sinister side as Phnom Sampeau is home to the Killing Caves, where Khmer Rouge executed prisoners. Many of them

were thrown to their deaths through a skylight in the cave roof. Please note that Phnom Sampeau is only accessible by a staircase requiring a 30 minute uphill walk or by a steep paved road using local transport. We stay until dusk to catch the natural phenomenon of thousands of bats exiting a cave. They fly one by one out of the cave creating patterns in the sky. It is quite a spectacular sight to behold.

This evening we head to Jaan Bai restaurant for dinner. This training and development restaurant is run by the Cambodian Children's Trust which is working to break the cycle of poverty in Battambang by empowering underprivileged children. Enjoy a healthy menu using seasonal organic produce with some of the best tastes from South East Asia combined with western influences. Jaan Bai is set in a French colonial building in the heart of Battambang.

Accommodation: Bambu Hotel

08.02.18 Battambang

(B/L)

This morning take a short walking tour to see some of the oldest streets and the Psar Nat market in central Battambang. The market was once bombed by the Khmer Rouge. Today a local pizzeria stands at the site of the explosion. The narrow streets of the town have a lot of character and the buildings are better preserved than in most Cambodian cities.

Following this we drive out of the small town to visit some of the local villages. Our guide can show us several of the different small industries, from drying fish to preparing tasty 'grolan' and the making of rice wine and rice cakes.

After an included lunch we take a short break at our hotel. Later in the afternoon we travel a few kilometres out of town to the start of one of the most fun 'train rides' you will ever experience. The train or 'nori' consists of a wooden platform placed on four wheels and connected to a gasoline engine that powers the device. Used initially as a way of transporting goods between villages, today it is a popular way to transport tourists through the countryside with a little extra adrenalin added on a 12km trip. Please note that the future of the bamboo train is far from certain. Should train track upgrade works begin, we will replace the train ride with additional village visits in the area.

Return to our hotel for the chance to freshen up before visiting a circus performance at the renowned Phare Ponleu Selpak. More in the style of Cirque du Soleil than a traditional European circus, be amazed for an hour by a show of modern Cambodian tales told through dance, acrobatics aerial acts and music. The performers are all students at the Phare training centre in Battambang, which provides a place for poor communities to express themselves using art.

Accommodation: Bambu Hotel

09.02.18 Battambang – Phnom Penh

(B/L/D)

We depart from Battambang this morning for a six hour drive to Phnom Penh, not including stops. A little outside of the town we visit one of the best preserved temples around Battambang. Wat Banan is visited by climbing 358 stone steps to the top of a hill. Once Buddhist, the origins of the temple are unclear, though it could have been an inspiration for Angkor Wat to which it has many similarities. From the temple ruins there are nice views over the surrounding rice fields.

Further along the road to Phnom Penh, we reach the scenic pottery village of Ondong Rossey, which is a very typical Cambodian village with beautiful rice fields and sugar palm trees in the surrounding countryside. Keep your eyes out in case one of the village men are climbing up bamboo ladders to take the rice wine or toddy from the trees. We have an included lunch at a local restaurant on the way.

We reach Phnom Penh in the late afternoon and check in to our hotel for an overnight stay. Dinner this evening will be served at the hotel.

Accommodation: Sunway Hotel

10.02.18 Phnom Penh – Kampot - Kep

(B/L/D)

After an early breakfast we transfer to the train station to ride on Cambodia's only rail route. Following the civil war the railway was not maintained and all services stopped. Slowly the service is being renewed and one day it may be possible to travel to Bangkok and beyond by train. For today we will board the refurbished train for a scenic 4-5 hour ride to Kampot. The service is air-conditioned.

On arrival in Kampot the coach will be waiting to take us to lunch at a local restaurant. Afterwards we take a short tour of the town which is home to some of the best examples of French colonial architecture to be found in Cambodia today though many of the buildings are in need of repair.

Later we drive the short distance to Kep and check in to our hotel. Kep used to be a thriving seaside town in the 1960's. Designed for the rich Khmer with huge colonial villas, mansions and royal residences, the town fell apart under the Khmer Rouge. Today the town is revitalised as tourists once more visit Kep-sur-mer as the French called it. A small local beach, delicious seafood and an easily accessible national park are just some of the highlights of Kep. This evening we enjoy dinner at a local restaurant. Seafood is naturally on the menu!

Accommodation: Spring Valley Resort

11.02.18 Kep

(B/L/D)

This morning we visit the famous Kep Crab Market. A very calm place where we can see crab and other seafood being sold, cooked and eaten. The crabs are kept in baskets in the shallow waters along the shore and if a market trader or local restaurateur arrives the baskets are pulled in and discussion begins on the quality and price. Busiest at weekends and public holidays there is also activity on weekdays. We drive to the pier to catch a private local boat across to Koh Tonsai or Rabbit Island as it is also known. On arrival at Rabbit Island there is time to relax and enjoy the beach and warm waters. A seafood BBQ will be prepared for our lunch, followed by some further time to relax. In the mid-afternoon we return by boat to the mainland and transfer the short distance back to our hotel. This evening enjoy a final group dinner at a delightful venue, The Sailing Club. With some of the best sunset views and finest seafood, it is time to reflect on our adventures in Cambodia with our fellow travellers.

Accommodation: Spring Valley Resort

12.02.18 Kep – Phnom Penh – Australia
