30.03.19 Hong Kong

(B) This morning we will have a half day Hong Kong Island Tour.

Our first stop is Man Mo Temple, which was built in 1847 and dedicated to the gods, Man (Literature) and Mo (Martial Arts). The temple is notable for its many fine, well-polished brass and pewter incense burners. Our next stop is to the Hong Kong Zoological and Botanical Gardens, one of the oldest zoological and botanical centres in the world. It occupies an area of 5.6 hectares on the northern slope of Victoria peak in Hong Kong. Following this we take a ride on the city's oldest transport, the 112 year old Peak Tram. In the early colonial rule, Victoria Peak was accessible only to Hong Kong's high society while the commoners could only visit the peak by permit from the colony's governor. Today Victoria Peak is a world renowned scenic spot. Our ride on the Peak Tram ascends to Victoria Peak, which is 1805 feet above sea level. On the peak we will experience the dazzling panorama of Hong Kong Island, the harbour, Kowloon Peninsula and the hills beyond.

We also visit Aberdeen, located on the southern tip of Hong Kong Island. It is the largest satellite town with a population of about 60,000. It was a pirates den two centuries ago and later turned into a simple fishing village. In recent years, with local high rise building developments, Aberdeen has modernised and now it has become a vibrant waterfront resort for people from metropolitan Hong Kong. Despite modernization, traditional fishing life still prevails. Hundreds of junks and sampans serve as floating homes for thousands of people. They crowd in the narrow harbour, dramatically juxtaposed against the modern high rise buildings that spread up the nearby hillsides. We take a sampan ride in the harbour to truly appreciate this fascinating place, followed by a visit to a prestigious jewellery factory, where we can find famous hand-crafted jewellery.

We also stop at Stanley Market. Stanley is a coastal village on the southern side of Hong Kong Island. It is a popular place for visitors to Hong Kong. Stanley used to be a small fishing village but in recent years, a series of restaurants and pubs have been established here. Stanley Market is located up the road from the harbour and is the highlight of Stanley. Over the years it's become known for its bargains, which includes silk garments, sportswear, art, Chinese costumes, souvenirs, ornaments and a host of fantastic crafts. It is one of the famous open-air markets in Hong Kong. Afterwards we are returned to the hotel, with the remainder of the day at leisure.

Railway services in and out of Gyeonghwa Station have been discontinued since 2006 and we can walk along the tracks which are surrounded by rows of cherry blossom trees, making a tunnel effect filled with flowers. The area is very scenic and is often featured in Korean movies. At the conclusion of the touring we are returned to our hotel in Busan, with the remainder of the day at leisure.

02.04.19 Busan – Gyeongju

(B/L)

This morning we visit Jagalchi Fish Market, Busan Tower (Yongdusan Park) and the UN Cemetery.

Jagalchi Fish Market is Korea's largest seafood market. After the Korean War the market solidified itself as a fish market. Most of the people who sell fish are women, so the women who sell here are called 'Jagalchi Ajumma'.

Busan Tower was built in 1973. The tower provides us a panoramic view of the area, and also has a café and souvenir shops.

The UN Memorial Cemetery in Korea honours UN soldiers from 16 countries that were killed in battle during the Korean War from 1950-1953. It contains 2,300 graves and is the only United Nations cemetery in the world. The park is spread across 35 acres.

In the afternoon we visit Taejongdae recreation area, which is designated as a Busan Monument. Featuring its highest peak at 250 metres, there are forests of pine trees and 200 varieties of trees. It is especially famous for its rock beach. Taejongdae was named after the 29th king of the Silla Kingdom, which reigned from 57B.C. – 935 A.D. King Taejong had travelled to many places but this was the place he enjoyed shooting arrows. Afterwards we continue to Gyeongju and check into our hotel for a two night stay. 04.04.19 Gyeongju – Daegu

(B/L)

After breakfast we depart our hotel to visit the Cheomsungdae Observatory, which was constructed in the 7th century and is the oldest existing astronomical observatory in Asia, and possibly even the world. The name ‘Cheomsungdae’ means ‘star-gazing tower’ in Korean. The tower was originally used for observing the stars in order to forecast the weather. This stone structure is a beautiful combination of straight lines and curves. Cheomseongdae's original appearance and shape has remained unchanged for over 1300 years, however the structure now tilts slightly to the north-east. Next we visit Chunma Royal Tumuli, which is the Daereungwon Tomb Complex. Located within the park are ancient tombs/mounds, where ancient kings and their artefacts are said to be buried. The main area is scattered with cherry blossom trees.

We also visit Bomun Lake, which is a man-made lake built on the site of an old fortress in Mount Myeonghwalsan. There are many leisure facilities and parks around the lake, featuring cherry trees.

Afterwards we continue to Daegu and check into our hotel for an overnight stay. Lunch today is included at a local restaurant.

Accommodation: The Grand Hotel Daegu or similar

05.04.19 Daegu – Andong – Yeongju

(B/L)

This morning we drive to Andong to visit Hahoe Village, which is well known for its traditional houses. The village is home to descendants of the Ryu clan of Pungsan and was the birthplace of renowned scholars of the Joseon Period, such as Gyeomam Ryu Un-ryong and Saoae Ryu Seong-ryong. The village became famous after Queen Elizabeth II visited on the 21st April 1999. The name of the village translates to ‘Village Enveloped by Water’, as the Nakdong River flows around the town’s perimeter. The village is located at the foothills of Hwasan Mountain. The centre of the village is populated by large tile-roofed houses belonging to the Ryu clan, adding their own unique charm to the surrounding thatched houses.

Afterwards we visit Buseoksa Temple, which is considered a ‘masculine’ temple. It differentiates itself from other temples by its huge size and the scenery is refreshing and beautiful. Buseoksa Temple was built in 676, when King Munmu (661-681) ruled the Silla Kingdom (57BC-AD 935), by the founder Uisang (625-702) after he received orders from the King.

Lunch today is included at a local restaurant.

This evening our accommodation will be in a Yeongju traditional house. The bedding will consist of a Korean style mattress (on the floor) with air conditioning and heating. Each room will have private facilities. This accommodation has intentionally been included in the program so we can experience some Korean culture. Yeongju is a small town, with no shops located near the accommodation, however for dinner (not included) we will be taken to a nearby restaurant.

Accommodation: Hanok (Yeongju Traditional House)

06.04.19 Yeongju – Seoul

(B)

Today we leave Yeongju and travel to Seoul. Travel time is approximately three hours. Seoul is the capital of South Korea. The city is a huge metropolis where modern skyscrapers, high-tech subways and pop culture meet Buddhist temples, palaces and street markets.

Upon arrival in Seoul we have some free time at Yeouido Park, which is a large recreational area located on Yeouido Island in the central part of Seoul. The park has many cherry trees which should be in bloom over this period. Afterwards we are transferred to our hotel in Seoul, where we have a five night stay.

07.04.19 Seoul – Garden of Morning Calm - Gwangneung Tumuli & Forrest – Seoul

(B/L)

This morning we travel out of Seoul to visit the Garden of Morning Calm. The garden was founded by professor Sang-Kyung Han while he was serving as an exchange professor in America. His vision was to create a garden that would become world-famous and spread the concept of Korean beauty throughout the world. The garden covers 330,000 Square Metres and attracts one million tourists each year. There are 5,000 kinds of plants in the garden, and it is the oldest private garden in Korea.

In the afternoon we will visit Gwangneung Royal Tumuli & Forest. Gwangneung is the royal tomb of King Sejo (1417-1468) and Queen Jeonghui (1418-1483). The area is surrounded by forest where an abundance of wild plants grow. These well managed forests have been designated as a national Arboretum by the Korean Forest Service. Gwangneung is also famous for being the habitat of the Korean redheaded woodpecker, with many evergreen trees such as pine trees and fir trees growing here. At the conclusion of the visit we are returned to our hotel in Seoul.

Lunch today is included at a local restaurant.

Accommodation: Best Western Premier Seoul Garden Hotel or similar

08.04.19 Seoul

Our first stop this morning is a photo stop to the Blue House, which is the presidential residence. The first things to catch your attention are the blue tiles and the smooth roof, which both blend beautifully with Mt Bugaksan in the background. Next we visit Gyeongbok Palace, which was originally established in 1395 as a royal palace of the Chosun Dynasty. It was rebuilt under Emperor Kojong in 1868. Gyeongbok Palace still keeps its beauty of 500 years of Chosun Dynasty's history by having many stately buildings. Within the grounds of the palace is the National Folk Museum of Korea, which we will visit. The buildings design is based on various historical buildings from around Korea. The museum has three main exhibition halls with over 98,000 artifacts. The first hall covers the history of the Korean people and features materials of everyday life in Korea from pre-historic times. The second hall covers the Korean way of life which illustrates Korean villages in ancient times. The third hall illustrates the life cycle of Koreans and depicts the deep roots of Confucianism in Korean culture. The museum also features open air exhibits such as spirit posts, stone piles for worship, grinding mills and rice storage shelters etc. Following this we will enjoy an included lunch at a local restaurant.

In the afternoon we will visit Myeongdong shopping district, one of the primary shopping areas in Seoul with many brand names shops and department stores lining the streets and alleys.

Our last stop today is at Seoul Tower, which opened to the public in 1980 and has since become a major tourist attraction.
