(B/L/D) This morning we commence our trip to the nation's capital Colombo. En route we stop to see some Toddy Tappers at work. A Toddy Tapper rope-walks quickly from treetop to treetop at 30 to 40 feet above the ground in order to harvest the sweet milky sap of the cut coconut blossom. We then enjoy a boat ride on the Madu River, which is a complex coastal ecosystem of mangroves and islands. A boat tour is an ideal way to experience hundreds of species of plants and animals in their natural habitat. There are around 64 islands in the river and lagoon. This is followed by a visit to a turtle hatchery in Kosgoda, which comes highly recommended by Lonely Planet. The small town of Kosgoda on the southern strip is famous for its turtle hatchery which is operated by the Wild Life Protection Society of Sri Lanka. At the hatchery, fishermen are paid for rescuing the vulnerable eggs which they collect at night, along the sandy beach. Visitors can witness the exceptional sight of them hatching or even see tanks filled with new born hatchlings. After being fed, the baby turtles are returned back to the sea where they are released when they are 2 - 4 days old. Once placed on the beach, most baby sea turtles start moving towards the water, flapping their tiny flippers. Visiting this turtle hatchery is both enjoyable and rewarding. Lunch is at a local restaurant. Afterwards we continue to Colombo and have dinner at the hotel.
