"Absolutely enjoyed!! It was busy but had to be. Felt we had a great overview of Iran, such a positive experience. Had been hesitant re the political situation, but not a hint of trouble. One of our best trips, happy to spread the word to others. Love travelling to out-of-the-way destinations...Accommodation was surprisingly good. Had not expected that standard...The bus/coach was great for a small group, could move around. Ali our bus driver was brilliant, drove the coach like a car, even in traffic. Felt totally safe..." "I had no pre-conceived ideas of Iran, so went there with an open mind, and I wasn't disappointed...I felt safe at all times and really hope more tourists visit there. The historic sites we visited were all interesting and the mosques beautifully tiled or with amazing brickwork. Overall it was a pretty special holiday, quite busy with lots of walking, standing and being on the bus. All of the tour members got along well...We didn't need any extra money on this tour. Everything was provided, even water in rooms, restaurants or on the bus. Because we were so well-fed we didn't need to buy snacks..." [Iran Tour - September 2015](#)
